Oji Holdings Corporation

Notice Regarding a Media Report

On May 2 2015, a news article related to the construction of a disposable diaper factory in China was reported in The Nikkei. However, Oji Holdings Corporation (the “Company”) would like to announce that this information is not based on any announcement made by the Company.

Oji Group has positioned the overseas disposable diapers business as one of the priority business fields and has been pushing ahead with the business expansion of this business mainly around China and Southeast Asia where demand is forecasted to increase further.

Nevertheless, with regards to the construction of the disposable diaper factory in China, the Company has not made any of such decision as reported in the news. In addition, with regards to the future capacity expansion of the paper mill in Jiangsu province, no decision has been made yet.
