Reference: 1H FY2015 results (ended September 30, 2015)	719,197	28,456	33,825	17,250	17.46

2. Details of Non-operating losses and Main reason of differences

In the three months ended June 30, 2016(April 1, 2016, - June 30, 2016), foreign exchange losses of ¥10,985 million were recorded. Due to recent fluctuations in foreign currency exchange rates, in the three months ended September 30, 2016(July 1, 2016,- September 30, 2016), foreign exchange losses of ¥9,390 million were recorded. As a results, in the first half of the year ending March 31, 2017(April 1, 2016,- September 30, 2016) foreign exchange losses of ¥20,375

million were recorded as non-operating expenses.

Due to foreign exchange losses, the actual results of Ordinary income and Profit attribute to owners of parent for the first half of the year ending March 31, 2017 fell below the previous forecast

Foreign exchange losses were primarily the effect of change in exchange evaluation of foreign currency receivables and payables applied to exchange rate as of September 30, 2016. Therefore, the amount of the loss may change with future fluctuations in foreign exchange rates.
